AUTOMOTIVE INDUSTRIES

EDITORIAL INDEX TO VOLUME 107

Issues July 1, to December 15, 1952, Inclusive

A

	Issue	Page
Abstracts		
Automobile batteries	7-1	40
Automotive experience with magnesium	12-15	74
Resesmer steel machinability and inclusion characteristics	11-15	132
Cold weather operation	7-1	38
Creepage-gap ignition system	9-1	49
Development of a 16-cylinder, vertical, radial Diesel engine	7-1	39
Engine performance with LPG	9-15	46
Engine-transmission relationship for higher efficiency	7-1	41
Engineering piston ring expanders	7-1	43
Factors in the selection of welding processes	7-1	43
Flash welding of titanium	8-15	39
Fuel savings with ideal engine-transmission	8-1	42
Gears of ductile iron tested	7-1	37
Hydrocomb panels in military trailers	8-1	50
Jet engine ignition systems improved	9-1	48
Machining specimens' effects on tension tests of aluminum alloys	7-15	92
Magnesium in highway transportation	12-15	123
New development in axle suspension	7-1	42
Notch and hardness effects on discaloy strength	7-15	88
Plastics prototypes revolutionize preparation for manufacture	7-1	98
Power steering types	9-15	87
Reproducibility of impact test results	7-15	99
Sheet steel strain aging	11-15	141
Tensile-brittle steel endurance limit	11-15	46
Tractor-trailer design requirements	9-15	47
Air Conditioning		
Air conditioning and refrigeration survey	12-1	52
Aircraft Design - See Design		
Aircraft Engines - See Engines		
Aircraft Production - See Production Methods		
Associations and Organizations - See also Government Agencies & Activities		
ASME metal congress and show	10-15	55
ASTM holds golden anniversary meeting	7-15	51
Developments discussed at gear manufacturers meeting	7-1	37
Engine lubricant classifications (API)	10-1	69
Jet problems in aviation industry (APA)	10-1	49
London Automobile Show (SMMT)	12-1	62
Magnesium Association holds eighth annual meeting	12-15	74
Parking puzzle solutions (ASF)	9-15	32
Plastics advance in automotive fields (ASBE)	12-1	70
SAE aeronautic meeting discusses jet airliners	11-1	48
SAE holds largest summer meeting	7-1	38
SAE Milwaukee tractor meeting	48	
SAE West Coast meeting	9-15	46
SBAC Farnborough Air Show	10-15	34
SMM London Show features Diesels	11-1	50
Automotive and Aviation Parts - See also New Developments		
Air conditioning and refrigeration survey	12-1	52
Aircraft nacelles of stainless steel (Solar Aircraft)	12-1	49
Automotive experience with magnesium (abstract)	12-15	74
Blanking dies for aircraft parts (Douglas Aircraft)	10-1	66
Door latch rotor stamped (Leake Stamping)	11-15	78
Drawing and welding two-piece fenders (Ford)	11-1	68
Engineering piston ring expanders (abstract)	7-1	3
Exhaust systems for tanks and personnel carriers (Ryan Aeronautical)	7-15	54

Automotive & Aviation Parts - Continued

Fabricated methods for aircraft exhaust systems (Ryan Aeronautical)	10-1	54
Forging press for aircraft parts (Alcoa)	11-1	92
Jet engine blades from rough forgings (Ks-Cell-O)	10-15	44
Multiple nut runners in assembly of Ford differentials	10-1	57
Piston holds clearance at all operating temperatures (Aluminum Products)	11-15	74
Plastic foam in airplane control surfaces (Northrop Aircraft)	12-1	92
Sheet aluminum for automotive radiators (Alcoa)	8-1	108

Aviation

Atomic energy reactor (North American Aviation)	10-1	53
Britain's military and civilian planes	10-15	34
Ford machine tools for P & W aircraft engines	11-1	64
High speed helicopter (Jacobs Aircraft)	7-15	42
Jet airliners discussed at SAE	11-1	48
Aeronautic meeting	10-1	49
Jet problems in aviation industry	10-1	90
Lockheed subcontracting program	11-1	88
RSY flying boat (Convair)	10-15	52
Stretch press for Canberra production (Glen L. Martin)	12-1	94
Truck trailers haul airplane hulls (Chrysler)	8-1	47
Windless wind tunnel (Northrop Aircraft)	11-15	50

Axles - See also New Developments		
Axle and gear plant (Timken-Detroit Axle)	7-1	42
New development in axle suspension (abstract)	10-15	32
Steering pusher axle (White Motor)		

B

Batteries		
Automobile batteries (abstract)	7-1	40
Bearings - See also New Developments		
Load carrying capacity of bearings	8-15	42
Bodies - See also Design		
Ford body parts made in modern plant	8-15	34
Honeycomb panels in military trailers (abstract)	8-1	50
Buses - See also Engines		
Bus air suspension system (GAC)	10-15	47
Diesel-powered Austrian trucks and buses (Graf & Stift)	8-15	40
Diesels featured at British Transport Show	11-1	50
Transit low-cost buses	12-15	41
Vehicles of the Communist world	11-1	60

Business Conditions - See also Production		
Business Pulse, The (Guaranty Trust)	7-15	70
Business Pulse, The (Guaranty Trust)	8-15	70
Business Pulse, The (Guaranty Trust)	9-15	70
Business Pulse, The (Guaranty Trust)	10-15	70
Business Pulse, The (Guaranty Trust)	11-15	70
Business Pulse, The (Guaranty Trust)	12-15	70
Metals		
Metals	7-1	70
Metals	8-1	70
Metals	9-1	70
Metals	10-1	86
Metals	11-1	86
Metals	12-1	86
Parking puzzle solutions	9-15	32
Rubber restrictions unnecessary (B. F. Goodrich)	10-1	126

C

Canadian Trade		
Carburetors - See New Developments		
Car Descriptions - See also Company Listings		
Alfa-Romeo car with four-wheel drive	7-15	74
British Rover gas turbine	9-15	50
Cadillac creations of 50 years	10-1	32
Dodge announces V-eight engine	11-1	54
Gas turbine tested in sports car (SOCMA)	11-15	32
Lincoln improvements for 1953	12-1	65
London Automobile Show	12-1	62
New Italian vehicles	7-1	56
Packard-designed power steering	12-1	50
Pan-American race highlights	12-15	32
Paris Automobile Show	11-15	42
Vauxhall's latest models feature short-stroke engine	7-1	32
Vehicles of the Communist world	11-1	60
Watkins Glen sports car meet	10-15	48

Issue	Page	Issue	Page
Chemicals - See New Developments			
Cleaners - See New Developments			
Clutches -			
Waspin overrunning clutch (Detroit Automotive Products)	12-1	92	
Connecting Rods - See New Developments			
Construction - See Plant Changes, new and expansion			
Contests			
Le Mans race establishes new records	8-1	32	
Pan-American race highlights	12-15	32	
Watkins Glen sports car meet	10-15	48	
Contracts			
Defense contract awards	7-15	146	
Defense contract awards	8-15	124	
Defense contract awards	9-15	154	
Defense contract awards	10-15	166	
Defense contract awards	11-15	160	
Defense contract awards	12-15	130	
Radioisotope projects	10-15	53	
Conventions - See Meetings			
Copper Industry - See Metals			
Cranks - See New Developments

Descriptions - See Car, Truck, Aircraft, Engines, and New Developments			
Design - See also Bodies			
British Rover gas turbine	9-15	50	
Cadillac creations of 50 years	10-1	62	
Jet problems in aviation industry	10-1	49	
Materials required for high speed planes (Northrop Aircraft)	9-15	42	
Plastics prototypes revolutionize preparation for manufacture (abstract)	7-1	98	
Tapering aircraft skins (Carborundum Co. & Bell Aircraft)	9-15	74	
Tractor-trailer design requirements (abstract)	9-15	47	
Diesel Engines - See Engines			
Distribution - See Marketing			
Drills - See New Developments			
Drives - See Transmissions			
E			
Earnings - See Financial News			
Education			
Wayne U. starts course in materials handling	10-1	72	
Electrical Equipment - See also New Developments			
Automatic controls insure emergency power (Synchro-Start Products)	12-15	45	
Calorimeter for car energy measurement (General Electric)	10-1	68	
Lamps for 12-volt electrical systems (General Electric)	11-15	102	
Why 12 volts? (GM Corp.)	11-1	56	
Engines			
Aluminum plant powered by 63 gas engines (Reynolds Metals)	9-15	36	
Amphibious vehicle has one engine per wheel (Pacific Car & Foundry)	12-15	54	
Austin offers four-wheel drive vehicles	11-1	59	
Automatic controls insure emergency power (Synchro-Start Products)	12-15	45	
Britain's military and civilian planes	10-15	34	
British Rover gas turbine	9-15	50	
Chrysler V-12 tank engine production	12-15	50	
Combustion products determination	10-15	50	
Development of a 16-cylinder, vertical, radial Diesel engine (abstract)	7-1	39	
Diesel-powered Austrian trucks and buses (Graf & Stift)	8-15	40	
Diesels featured at British Transport Show	11-1	50	
Dodge announces V-eight engine	11-1	54	
Dodge tooling for V-8 engine	12-1	66	
Engine developments in commercial vehicles (Caterpillar Tractor)	10-15	38	
Engine performance with LPG (abstract)	9-15	46	

Engines - Continued	Issue	Page	Gears - See also Arles, Transmissions, and New Developments	Issue	Page	Maintenance, Factory - See Production Methods	Issue	Page
Engines feature more power and improved ignition (Continental Motors)	10-15	76	Axle and gear plant (Timken-Detroit axle)	11-15	50	Marketing - See also Used Cars & Exports & Imports	11-15	48
Engine-transmission relationship for higher efficiency (abstract)	7-1	41	Differential has automatic locking (Zahradabrix)	11-15	74	Latin America machine tool market		
Fabrication methods for aircraft exhaust systems (Ryan Aeronautical)	10-1	54	Gears of ductile iron tested (abstract)	7-1	37			
Pagel aluminum engine for military use	9-1	45	Landing gear test equipment (Dowty Equipment)	10-1	61	Materials Handling		
Ford machine tools for P-40 aircraft engines	11-1	64				Automation emphasized in stamping production (Ford)	11-15	34
Fuel savings with ideal engine-transmission (abstract)	8-1	42	Glass	9-15	42	Converter set up cuts materials handling costs (See Motors)	9-15	48
Gas turbine tested in sports car (GUCOMA)	11-15	32	Materials required for high speed planes (Northrop Aircraft)			Materials handling problem in making earthmoving equipment (Caterpillar Tractor)	8-1	34
General purpose machines for Packard Diesels	9-15	52	Government Agencies & Activities	9-1	108	Packaging and materials handling at Chicago exposition	11-15	40
Hispano-Suiza jet engine performs well in tests	7-1	54	Coatings protect molybdenum (NBS)	7-15	146	Wayne U. starts course in materials handling	10-1	72
Hotchkiss light alloy engine	8-15	48	Defense contract awards	8-15	124			
Italian truck with eight-speed transmission (Officina Meccaniche)	11-1	72	Defense contract awards	9-15	154	Mechanical Handling - See Production Methods and New Developments		
Jet airliners discussed at SAE Aeronautics meeting	11-1	48	Defense contract awards	10-15	166	Meetings		
Jet delivers thrust of 9750 lb. (Bristol Aeroplane)	8-1	33	Defense contract awards	11-15	160	ASTM holds golden anniversary meeting	7-15	51
Jet engine blades from rough forgings (Ex-Cell-O)	10-15	44	Defense contract awards	12-15	130	Jet airliners discussed at SAE	11-1	48
Jet engine combustion chambers made to close tolerances (Ryan Aeronautical)	8-1	40	New defense facilities	7-15	126	Magnesium Association holds eighth annual meeting	12-15	74
Jet problems in aviation industry	10-1	40	New defense facilities	8-15	97	Metal congress and show	10-15	55
Lincoln improvements for 1953	12-1	65	New defense facilities	9-15	130	New developments discussed at gear manufacturers meeting	7-1	37
New Italian vehicles	7-1	56	New defense facilities	11-1	134	SAE holds largest summer meeting	7-1	38
Oil system for engine and torque converter (Chrysler Corp.)	8-15	46	New defense facilities	11-15	146	SAE Milwaukee tractor meeting	10-1	48
Packard marine Diesel engines	9-1	40	Radioisotope projects	10-15	53	SAE West Coast meeting	9-15	46
Piston engine and gas turbine power	10-15	74	Grinders - See New Developments			Watkins Glen sports car meet	10-15	48
Proteus propeller turbine engine (Bristol Aeroplane)	7-15	38	Heating & Ventilating Systems	7-1	38	Merchandising - See Marketing		
RV flying boat (Convair)	11-1	58	Cold weather operation (abstract)			Metallurgy		
Test cell protection at jet plant (Westinghouse Electric)	10-15	32	Heat Treatment - See Metallurgy & Production Methods			Past method for determination of copper in iron and steel	7-1	58
Tractor engine convertible for different fuels (Dagenham Works)	8-1	54				Metals from ore concentrates (Chemical Construction)	7-15	53
Transit low-cost buses	12-15	41	I			Pit type carburizing furnace (Caterpillar Tractor)	12-15	46
Two-stroke engines (Power Products)	10-1	60	Ignition Systems - See also New Developments	9-1	49	Spring leaf heating (Ford)	10-15	43
Vehicles of the Communist world	11-1	60	Creepage-gap ignition system (abstract)			Metals - See also Metallurgy		
Watkins Glen sports car meet	10-15	48	Engines feature more power and improved ignition (Continental Motors)	10-15	76	Aircraft nacelles of stainless steel (Solar Aircraft)	12-1	49
			Ignition problems of piston and jet engines (Bendix Aviation)	9-1	46	Aluminum coating of metals by molybdenizing process (American Molybdenizing)	11-15	39
Exhibits - See Shows			Jet engine ignition systems improved (abstract)	9-1	48	Automotive experience with magnesium (abstract)	12-15	74
Exports, Imports, Tariffs			Why 12 volts? (GM Corp.)	11-1	56	Bessemer steel machinability and inclusion characteristics (abstract)	11-15	132
Australian automobile exports	9-15	50	Illumination - See Production Methods			Blanking dies for aircraft parts (Douglas Aircraft)	10-1	66
Latin America machine tool market	11-15	48	Imports - See Exports & Imports			Ceramics ease metal shortage (Solar Aircraft)	7-15	40
F			Inspection - See Production Methods			Coatings protect molybdenum	9-1	108
Factory Sales - See Production			Installation Selling - See Financial News			Electroformed nickel finding new uses (Super Matrix)	7-15	36
Farm Income - See Business Conditions			Instruments - See New Developments			Machining specimens' effects tension tests of aluminum alloys (abstract)	7-15	92
Financial News - See also Company Listings						Magnesium Association holds eighth annual meeting	12-15	74
Business Pulse, The (Guaranty Trust)	7-15	70	L			Magnesium in highway transportation (abstract)	12-15	123
Business Pulse, The (Guaranty Trust)	8-15	70	Lacquers - See Finishes			Materials required for high speed planes (Northrop Aircraft)	9-15	42
Business Pulse, The (Guaranty Trust)	9-15	70	Lathes - See New Developments			Metal congress and show	10-15	55
Business Pulse, The (Guaranty Trust)	10-15	70	Lead Industry - See Metals			Metals	7-1	70
Business Pulse, The (Guaranty Trust)	11-15	70	Lights - See New Developments			Metals	8-1	70
Business Pulse, The (Guaranty Trust)	12-15	70	Lubrication & Lubricants			Metals	9-1	70
Parking puzzle solutions	9-15	32	Engine lubricant classifications (API)	10-1	69	Metals	10-1	86
Financing - See Financial News			Oil system for engine and torque converter (Chrysler Corp.)	8-15	46	Metals	11-1	86
Finishes - See also Production Methods			Testing fuels and lubricants in dynamometer laboratory (Standard Oil)	7-15	50	Metals	12-1	86
Aluminum coating of metals by molybdenizing process (American Molybdenizing)	11-15	39	M			Metals from ore concentrates (Chemical Construction)	7-15	53
Ceramics ease metal shortage (Solar Aircraft)	7-15	40	Machine Tools - See also New Developments			Metal show highlights	11-15	46
Coatings protect molybdenum	9-1	108	Chrysler V-12 tank engine production	12-15	50	New bath developed for aluminum plating	7-1	55
Electro-spray process (Arvin Industries)	9-1	74	Dodge tooling for V-8 engine	12-1	66	Notch and hardness effects on discaloy strength (abstract)	7-15	88
Special protective finishes essential for farm tractors (Harry Ferguson)	7-1	34	Ford machine tools for P-40 aircraft engines	11-1	64	Reproducibility of impact test results (abstract)	7-15	99
Foreign Business Activities - See also Exports & Imports			Forging press for aircraft parts (Alcoa)	11-1	92	Sheet aluminum for automotive radiators (Alcoa)	8-1	108
European cars in Japanese market	9-1	76	General purpose machines for Packard Diesels	9-15	52	Sheet steel strain aging (abstract)	11-15	141
French automobile industry	8-15	74	Impacting method for forging (Chambersburg Engineering)	12-1	90	Stretch press for Canberra production (Glenn L. Martin)	10-15	52
Latin America machine tool market	11-15	48	Latin America machine tool market	11-15	48	Temper-brittle steel endurance limit (abstract)	11-15	46
Fuels			Machine tool expositions in England and Germany	11-15	55	Titanium tests at high temperature	7-1	74
Combustion products determination	10-15	50	Piston grinder for tapered ellipse (International Harvester)	10-1	72	Military Equipment & Activities		
Engine performance with LPG (abstract)	9-15	46	Plastics advance in automotive fields	12-1	70	Amphibious vehicle has one engine per wheel (Pacific Car & Foundry)	12-15	54
Fuel savings with ideal engine-transmission (abstract)	8-1	42	Stretch press for Canberra production (Glenn L. Martin)	10-15	52	Austin offers four-wheel drive vehicles	11-1	59
Testing fuels and lubricants in dynamometer laboratory (Standard Oil)	7-15	50	Tank production at Chrysler Plant	12-15	34	Defense contract awards	7-15	146
G						Defense contract awards	8-15	124
Gases - See New Developments						Defense contract awards	9-15	154
Gasoline - See Fuels						Defense contract awards	10-15	166
						Defense contract awards	11-15	160

Military Equipment & Activities - Continued			New Production & Plant Equipment - Continued			New Production & Plant Equipment - Continued		
Issue	Page		Issue	Page		Issue	Page	
Defense contract awards	12-15	130	Conveyor, plating (Udylite)	10-15	150	Heading presses, cartridge case (Hydraulic Press Mfg.)	10-15	62
Honeycomb panels in military trailers (abstract)	8-1	50	Coolers, self-contained, cutting fluids (Acme Industries, Flow Cold Div.)	8-15	56	Hesters, cargo, portable, Models X-500 & X-600 (Rue & Elston)	11-1	60
Making medium caliber cannon in Pontiac's new plant	7-1	33	Core blowing machine, the Pulsator San-Blo (Federal Foundry Supply)	8-15	58	Heating unit, electric high-frequency, Model 1500 (Lewis Machine)	7-1	62
Military truck bumperettes (Tuthill Spring)	10-1	56	Core grinder, portable, Model 18 (Milwaukee Foundry Equipment Div., SFO)	8-15	56	Hob, worm lead checker, Sine-Line Model 876 (Michigan Tool)	11-15	57
Patton 48 tank features (Chrysler Tank Engine Div.)	8-1	74	Crop testing machine (Arcweld Mfg.)	7-15	58	Welders and electrodes, heavy-duty, Nu-Twist (Ballory)	9-15	60
Range finder tolerances (GM Corp.)	9-1	32	Cut-off lathes, automatic, Models 33 & 34 (Bardons & Oliver)	11-1	77	Horn router, EDCO No. 434H (Klstrom, Carlson)	10-1	74
RV flying boat (Convair)	11-1	68	Cut-off machine, abrasive, Radiac, Type J (A. P. de Sanno & Son)	10-15	152	Hydraulic cylinder, long-stroke (Miller Motor)	8-1	58
Truck production at Chrysler Plant	12-15	34	Cut-off tool, circular (New Britain Machine)	12-1	76	Hydraulic drive, ram-type turret lathes (Viking)	8-15	60
Truck trailers hail airplane hulls (Chrysler)	12-1	94	Degreaser, semi-portable, Model VS Jr. (Detrex)	12-15	58	Hydraulic stretcher (Barton Engineering)	10-15	138
Using automatic methods to produce cannon components (Oldsmobile)	7-15	32	Descaling cabinet, automatic (Elex Engineering)	11-15	60	Impeller pump, flexible neoprene, Ace Jabeco (American Hard Rubber)	8-1	61
Motor Boats - See Engines			Die casting machine, cold chamber (Cuyahoga)	8-15	56	Index table, rotary, air-powered, HRET-26 (Bellows)	10-1	78
N			Die casting machine, Model 1000 (ABC Die Casting Machine)	10-15	126	Induction heating unit, high frequency, Model LI-50A-1 (Lindberg Engineering)	11-1	76
NEW DEVELOPMENTS			Die cushions (Dayton Rogers)	8-1	59	Industrial truck, Utilitrac (Clark Equipment)	10-1	78
New Production & Plant Equipment			Die head, self-opening (Landis Machine)	7-1	60	Jet engine machines (Bahr Machine Tool)	8-1	59
Abrasive cleaning barrel, airless, Robotast Type GM, (Pangborn)	7-1	63	Drawing and forming press (Elex)	10-1	77	Jig borer, small size, No. 1E (F & W Div., Niles-Bement-Pond)	8-1	62
Abrasive, coated, wide sheets, Curtin-Herbert Micro-Grinder (Behr-Manning)	12-15	60	Draw tester, sheet metal, Model B-1 Flex-Tester (Steel City Testing Machines)	10-15	58	Lapping machine, flat, single face (Norton)	11-1	79
Air compressor, air-cooled, Model 98 (Curtis Mfg. Co.)	12-1	78	Drill fixture, Por-Matic (Porter Precision Products)	10-15	150	Lead screw tapper, 38-spindle individual (U.S. Drill Head)	7-1	63
Air drill, Gurendi (Alkon Products)	10-15	62	Drilling and tapping machine, jet engines (Modern Industrial Engineering)	12-1	79	Lift truck, cartons (Tomcor)	9-1	62
Air transformer, Model HED (De Vilbiss)	10-1	76	Drilling, boring and facing machine, four-way (Modern Industrial Engineering)	10-1	75	Marking machine, Series 204 (Jas. H. Matthews)	7-15	60
Aluminum alloy, C57S (Alcoa)	11-1	144	Drilling machine, multiple, hood type, Style PM00 (R. M. Root)	11-15	56	Metal forming bulldozer, Model 88 (Burford Machine Works)	8-15	60
Aluminum etchant, Composition No. 60 (Oakite Products)	10-15	56	Drilling machine, synchro-torque drive (Barnes Drill)	9-1	63	Milling cutters, Universal Line (McCronky Tool)	8-1	59
Angle adapter, blind riveting (Huck Mfg.)	7-1	60	Drilling, tapping machines, turbojets (Bahr Machine Tool)	11-15	57	Milling machines, horizontal and vertical (American Pullmak)	8-15	58
Ball bearings, sealed, Red Seal (SKF Industries)	8-15	62	Drilling unit, automatic built-in controls (Dumore)	9-1	60	Milling, profiling machine, aircraft forgings and castings, No. 408 (Aeroframe (Workey Machinery))	11-15	62
Batch furnace, versatile (Surface Combustion)	10-15	57	Drum-handling attachment, horizontal (Tale & Towne)	7-15	57	Mirror polisher (Nicholas Equipment)	10-15	132
Bending machine, DI Acro Bender No. 4 (O'Neil-Irwin Mfg.)	10-15	60	Duplicating machine, automatic, mills and lathes, Lodge & Shipley (Tracer Control)	10-1	79	Multiple nut runner (Ingersoll-Rand)	7-15	62
Blasting cabinet, airless, Wheelapeening (Aercon)	10-15	138	Electrode holder, Chas-Lok (Empire Products)	10-15	138	Noise detector, electronic, Eloc-Detec (Anco Instrument)	11-1	80
Blasting machine, wet, Model 64 Liqueumette (American Wheelabrator & Equip.)	11-15	62	Etchant, aluminum, Composition No. 60 (Oakite Products)	9-1	62	Paint remover (General Electric)	11-1	144
Boring machine, piston pin holes, Model 355 Bore-Matic (Heald Machine)	9-15	62	Felt mountings, Westorb (Western Felt Works)	7-1	61	Pilot device, mechanically operated, Plexi-Switch (Jervis B. Webb)	9-1	62
Boring machine, three-station, vertical spindle, Model 243 Bore-Matic (Heald Machine)	9-1	61	Fiber gasketing materials, Accopac (Armstrong Cork)	9-1	58	Piston balancing machine, automatic (Morris Machine Tool)	11-1	79
Boring unit, automatic, 38 (E. K. Milbolland Machinery)	12-15	62	Filter, industrial endless belt coolant, Delpark (Industrial Filtration)	9-15	58	Piston gage, I.G.-O.D. positive operating (Federal Products)	12-1	79
Brake, electric, industrial (Warner Electric Brake)	7-1	62	Flame cutter, portable, hand-operated, Cadet (American Pullmak)	7-1	60	Planer, double-column, versatile, large workpieces, Wagner (Kurtor)	12-15	57
Brake, magnetic, fluid-coupled motors (Kusland Electric)	9-1	59	Flame heating, liquid (Ajax Electric)	10-15	58	Plating machine, automatic (Frederic B. Stevens)	10-15	60
Brazing alloy, silver, carbides, 5B (Hendy & Harman)	7-15	58	Fluorescence analysis unit, Norcelco (North American Phillips)	10-15	60	Polishing belt, cork surface, 3M Metordy (Minnesota Mining and Mfg.)	9-1	62
Bright tempering and controlled oxidation unit, D-300 (Ipsen)	9-15	58	Fork lift truck, Diesel-powered (Towmotor)	10-1	75	Polishing bead, jet parts (Murray-Way)	11-15	56
Broaching machine, horizontal, high-speed (Lapointe Machine Tool)	12-1	74	Fork truck, 10,000 lb., Yardlift-100 (Clark Equipment)	12-15	58	Positioner, Model MT512 (Aronson Machine)	10-15	132
Broaching machine, pull-down (American Broach & Machine)	12-15	56	Fork truck, stand-up, narrow aisles, Stoway (Clark Equipment)	12-1	76	Power supply, high potential (Scientific Electric)	10-15	128
Carburizer, liquid, Perliton 306 (E. F. Houghton)	10-15	60	Gage blocks, DC (Doall)	9-1	63	Press, straight side, 450 ton double action (Dandy Machine)	10-1	79
Centering reels, automatic, heavy duty (P. J. Little Machine)	11-1	78	Gage lubricant, Microsil Gage Lube (Protective Coatings)	8-1	59	Profiling machine (Wade Tool)	8-1	62
Chamfering machines, high-speed, zero gears, Model BM-2055 (Modern Industrial Engineering)	8-15	57	Gaging system, Micro-Step (Doall)	10-15	56	Reverberatory furnace (Eclipse Fuel Engineering)	10-15	56
Check bench, brake light switches (J. N. Pauver)	7-15	58	Gear grinder, precision (Sheffield)	11-15	56	Riveting machine, dial, Model 4012 (Chicago Rivet & Machine)	10-15	126
Chilling machine, Model V-120-1 (Sub-Zero Products)	10-15	142	Gear shapers, versatile, Series 1800 (Michigan Tool)	12-1	75	Roller gear drive, high speed (Perguson Machine & Tool)	12-1	77
Chrome carbides (GE)	8-15	56	Gear hobbing, No. 1 (Hamilton Tool)	7-15	58	Router, single radial arm, power operated (Exstrom, Carlson)	12-1	77
Clamp, hydraulic, small lift truck (Tale & Towne Mfg.)	11-15	60	Gear motor, worm, right angle, Type GW (Synchrogear (U. S. Electrical Motors))	10-15	148	Saw band, hard edge, positive rake angle (Doall)	7-1	59
Cleaner, emulsion, high flash point, EC-54 (Pennsylvania Salt Mfg.)	12-15	60	Gear rolling fixture, Red Ring (National Broach & Machine)	7-15	56	Separator, combination mechanical-magnetic, Model MMS 34-12 (Roto Finish)	9-15	56
Cleaner, phosphating, Detrex 61 (Detrex)	8-1	61	Generator, r-f, 25-kw (Westinghouse Electric)	12-15	56	Set-up accessories (J. H. Williams)	7-1	62
Coil grab, adjustable, cranes (Dixon Research)	9-15	60	Graphitic steel, Graph-No Hollow-Bar (Tiklen Roller Bearing)	8-15	62	Sheet and plate working machine, Model P-3 (American Pullmak)	11-1	76
Cold cabinets, production chilling, XV 120 (Sub-Zero Products)	12-15	58	Grinder, cylinder, plain or semi-automatic, Type C-2 (Norton)	10-1	76	Shielded enclosure, portable cell-type (Ace Engineering)	9-1	58
Color measurement instrument (Manufacturers Engineering & Equipment)	8-15	57	Grinder, semi-automatic, jet blade surfaces (Landis Tool)	10-1	74	Solder, metal filling (Alcon)	8-1	63
Comparator gages, electrical (Doall)	9-15	62	Grinder, small diameter drills (Dumore)	9-15	60	Speed drive, variable, four unit (Dodge Mfg.)	11-1	74
Control, automatic, furnace atmospheres, Carbotrol (Lindberg Engineering)	12-15	58	Grinder, vertical, dual spindle (Springfield Machine Tool)	11-1	75	Spray gun supply pump, portable (Gray)	7-15	60
Contouring machine, vertical, precision, Style 426-A (Ex-Cell-O)	12-1	78	Grinding and polishing machine, Model 600 (Curtis Machine)	10-15	57	Squaring shear, aircraft production (Cincinnati Shaper)	9-1	63
Control unit, Coniflow (Reeves Pulley)	12-1	75	Grinding attachment, chasers, No. 20 (Landis Machine)	9-15	56	Stamping press, automatic, Diebel Di-Matic (DI Machine)	7-15	62
Conveyor, heavy-duty, Load-Veyor (Market Forge)	7-15	62	Grinding machine, Diversimatic No. 1-R (Diversified Metal Products)	10-15	134	Steel air handling (L. S. Starrett)	10-15	144
Conveyor, materials handling (Daigle-Gaboury)	8-1	58	Handling attachment, fork trucks, Marvel Lift-o-Matic (Tale & Towne Mfg.)	11-1	76	Steel framing material, Multi-A-Frame (Ainsworth Mfg.)	10-15	144
						Stock feed attachment, automatic (Motch & Merryweather)	7-1	61

New Products for Aircraft - Continued		Production -- Including Factory Sales - 2 Editions and Foreign Business Activities		Quality Control - Continued	
Tailpipe extension, stainless steel (Leddote Products)	8-15 68			Statistical quality control (Borg-Warner)	12-15 38
Terminal, solderless, Ampli-Bond (Aircraft-Marine Products)	11-15 68	Production Methods - See also Welding & Cutting			
Test set, omni range, Model ABC-200 (American Electroneering)	11-1 84	Air conditioning and refrigeration survey	12-1 52	R	
Test stand, hydraulic, electric, models 6823V-9V & 10823V-20V. (Greer Hydraulics)	9-15 68	Aircraft nacelles of stainless steel (Solar Aircraft)	12-1 49	Racing - See Contests	
Valve, motor-operated (Hydro-Aire)	9-1 68	Aluminum coating of metals by Mullerizing process (American Mullerizing)	11-15 39	Railroads & Rail Cars	
Vibrators, synchronous, Models W0178A & W0178B (Minneapolis-Honeywell Regulator)	12-1 84	Automation emphasized in stamping production (Ford)	11-15 34	Piston engine and gas turbine power French locomotive (Renault)	10-15 74
New Methods		Axle and gear plant (Tishen-Detroit Axle)	11-15 50	Registrations - For New Car Registrations, See Sales	
Automation emphasized in stamping production (Ford)	11-15 34	Band-sawing rubber (Doall Co.)	8-15 32		
Bath developed for aluminum plating	7-1 55	Blanking dies for aircraft parts (Douglas Aircraft)	10-1 66	Rubber & Synthetic Rubber	
Blanking dies for aircraft parts (Douglas Aircraft)	10-1 66	Chrysler V-12 tank engine production	12-15 50	Band-sawing rubber (Doall Co.)	8-15 32
Crankshaft press forging (Dodge)	10-1 58	Conveyor set up cuts materials handling costs (Reo Motors)	9-15 48	Rubber restrictions unnecessary (B. F. Goodrich)	10-1 126
Past method for determination of copper in iron and steel	7-1 58	Crankshaft press forging (Dodge)	10-1 58	S	
Impacting method for forging (Chambersburg Engineering)	12-1 90	Door latch rotor stamped (Leake Stamping)	11-15 78	Safety	
Metals from ore concentrates (Chemical Concentration)	7-15 53	Drawing and welding two-piece fenders (Ford)	11-1 68	Test cell protection at jet plant (Westinghouse Electric)	10-15 32
Packaging and materials handling at Chicago exposition	11-15 40	Electro-spray process (Arvin Industries)	9-1 74	Sales -- New Car Registrations. For Factory Sales, see Production Vehicle registrations for 1952 up	11-15 76
Piston grinder for tapered ellipse (International Harvester)	10-1 72	Exhaust systems for tank and personnel carriers (Ryan Aeronautical)	7-15 54	Shock Absorbers - See New Developments	
Plastic foam in airplane control surfaces (Northrop Aircraft)	12-1 92	Fabrication methods for aircraft exhaust system (Ryan Aeronautical)	10-1 54	Show	
Tapering aircraft skins (Carborundum Co. & Bell Aircraft)	9-15 74	Pairfield's new gear plant	7-1 50	Britain's military and civilian planes	10-15 34
Vacuum testing for detecting leaks	9-1 50	Pord body parts made in modern plant	8-15 34	Diesels featured at British Transport Show	11-1 50
Welding process for joining aluminum wires (Alcoa)	9-1 50	Pord foundry has automation and worker comfort	12-15 42	London Automobile Show	12-1 62
New Products-(Features)		Ford machine tools for PAM aircraft engines	11-1 61	Machine tool exhibitions in England and Germany	11-15 55
Aluminum decals require no fasteners (Boeing Airplane)	8-15 39	Forging press for aircraft parts (Alcoa)	11-1 92	Metal congress and show	10-15 55
Autronic-Eye Tester (Sun Electric Corp.)	8-15 54	Forming and drawing stampings for crawler tractor (International Harvester)	10-1 70	Metal show highlights	11-15 48
Bus air suspension system (GMC)	10-15 47	General purpose machines for Packard Diesels	9-15 52	Packaging and materials handling at Chicago exposition	11-15 40
Differential has automatic locking (Zahnradfabrik)	11-15 74	Handling setup for Buick hoods	8-1 48	Paris automobile show	11-15 42
Engines feature more power and improved ignition (Continental Motors)	10-15 76	Heat treating transmission parts (GM Corp.)	9-15 38	Spark Plugs - See New Developments	
Fuller torque converter	9-15 54	Honeycomb panels in military trailers (abstract)	8-1 50	Springs - See Suspension	
Lathe for jet engine cones (Ryan Aeronautical Co.)	8-15 74	Hydraulic presses at Caterpillar plant	8-15 33	Steel - See Metals	
New development in axle suspension (abstract)	7-1 42	Impacting method for forging (Chambersburg Engineering)	12-1 90	Steering	
Piston holds clearance at all operating temperatures (Aluminum Products)	11-15 74	Jet engine blades from rough forgings (Ex-Cell-O)	10-15 44	Packard-designed power steering	12-1 50
Steering pusher axle (White Motor)	10-15 32	Jet engine combustion chambers made to close tolerances (Ryan Aeronautical)	8-1 40	Power steering types (abstract)	9-15 87
		Machining flywheel housings (Ford Motor)	7-15 52	Steering pusher axle (White Motor)	10-15 32
Oils & Oiling - See Lubricants		Making medium caliber cannon in Pontiac's new plant	7-1 33	Subcontracting	
Organizations - See Associations		Many automatic machines in Ford's new engine plant - Part II	7-1 44	Lockheed subcontracting program	10-1 90
P		Materials handling problem in making earthmoving equipment (Caterpillar Tractor)	8-1 34	Superchargers - See New Developments	
Paints - See Finishes		Military truck bumperettes (Tuthill Spring)	10-1 56	Supercharger System	
Parts Descriptions - See Automotive & Aviation Parts and New Developments		Multiple nut runners in assembly of Ford differentials	10-1 57	Bus air suspension system (GMC)	10-15 47
Pistons - See New Developments		New bath developed for aluminum plating	7-1 55	New development in axle suspension (abstract)	7-1 42
Plant Changes -- New & Expansion		Piston grinder for tapered ellipse (International Harvester)	10-1 72	Spring leaf heating (Ford)	10-15 43
Aluminum plant powered by 83 gas engines (Reynolds Metals)	9-15 36	Pit type carburizing furnace (Caterpillar Tractor)	12-15 46	Synthetic Rubber - See Rubber	
Axle and gear plant (Tishen-Detroit Axle)	11-15 50	Plastics advance in automotive fields	12-1 70	T	
Pairfield's new gear plant	7-1 50	Plastics prototypes revolutionize preparation for manufacture (abstract)	7-1 98	Tanks	
Ford Canadian plant	11-1 90	Range finder tolerances (GM Corp.)	11-1 88	Chrysler V-12 tank engine production	12-15 50
Ford foundry has automation and worker comfort	12-15 42	RY Flying boat (Onvair)	7-1 34	Tank production at Chrysler Plant	12-15 34
International Harvester unifies engineering facilities	12-15 48	Special protective finishes essential for farm tractors (Harry Ferguson)	7-1 34	Tariffs - See Exports & Imports	
Many automatic machines in Ford's new engine plant - Part II	7-1 44	Specialized machine tools for Lincoln engine production	7-15 44	Testing - See also New Developments & Production Methods	
Military truck bumperettes (Tuthill Spring)	10-1 56	Spring leaf heating (Ford)	10-15 43	Autronic-Eye Tester (Sun Electric Corp.)	8-15 54
New defense facilities	7-15 126	Stretch press for Canbera production (Glenn L. Martin)	10-15 52	Gears of ductile iron tested (abstract)	7-1 37
New defense facilities	8-15 97	Tank production at Chrysler Plant	12-15 34	International Harvester unifies engineering facilities	12-15 48
New defense facilities	9-15 130	Truck panels made in plastic dies (Chrysler Corp.)	9-15 40	Landing gear test equipment (Dowty Equipment)	10-1 61
New defense facilities	11-1 134	Using automotive methods to produce cannon components (Oldsmobile)	7-15 32	Machining specimens' effects on tension tests of aluminum alloys (abstract)	7-15 92
New defense facilities	11-15 146	Welding at Nash body plant	8-15 50	Reproducibility of impact test results (abstract)	7-15 99
New defense facilities	12-15 142	Weldments reduce scrap losses (Gar Wood Industries)	8-1 56	Test cell protection at jet plant (Westinghouse Electric)	10-15 32
Plastics - See also New Developments		Q		Testing fuels and lubricants in dynamometer laboratory (Standard Oil)	7-15 50
Plastics advance in automotive fields	12-1 70	Quality Control		Testing machines duplicate operating conditions (Ford)	10-1 50
Plastic foam in airplane control surfaces (Northrop Aircraft)	12-1 92	Quality control in body plant (Budd Co.)	8-1 74	Titanium tests at high temperature	7-1 74
Truck panels made in plastic dies (Chrysler Corp.)	9-15 40			Vacuum testing automatic transmission cases (Borg-Warner)	7-15 37
Polishing - See Finishes & Production Methods				Vacuum testing for detecting leaks (Windeas wind tunnel) (Northrop Aircraft)	9-1 52

Index of COMPANIES Mentioned in AUTOMOTIVE INDUSTRIES

Issue	Page	Issue	Page	Issue	Page	Issue	Page
A		Ainsworth Mfg. Co. Steel framing material, Malt-A-Frame	10-15 144	Allen Electric & Equipment Co. Battery chargers, multi-purpose, "Dyna-Chargers"	11-15 214		
ABC Die Casting Machine Co. Die casting machine, Model 1000	10-15 126	Aircraft Engine Div., Ford Motor Co. Machine tools for F4U aircraft engines	11-1 64	Allison Div., GM Corp. Heat treating transmission parts	9-15 38		
Accela-Brake Sales Co. Brake pedal unit	9-1 120	Aircraft-Marine Products, Inc. Terminal, solderless, Ampli-Bond	11-15 68	Allen Foundry & Machine Works Pump, hand, hydraulic	9-15 102		
Ace Engineering Shielded enclosures, portable cell-type	9-1 58	Airtex Automotive Div. Fuel pump, Ford cars and trucks	8-1 64	Aluminum Co. of America Aluminum alloy, C57S	11-1 144		
ACP-Brill Motors Co., Hall-Scott Motor Div. Engine performance with LPG (abstract)	9-15 46	Water pumps	7-1 64	Forging press for aircraft parts	11-1 92		
Acme Industries, Inc., Flow Cold Div. Coolers, self-contained, cutting fluids	8-15 56	Alax Electric Co., Inc. Flame heating, liquid	10-15 58	Sheet aluminum for automotive radiators	8-1 108		
Advance Electric & Relay Co. Relay, hermetically sealed	11-15 68	Alfa-Romeo, (Italy) Alfa-Romeo car with four-wheel drive	7-15 74	Solder, metal filling	8-1 63		
		Alkon Products Corp. Air drill, Gurnendi	10-15 62	Welding process for joining aluminum wires	9-1 50		
				Aluminum Products, Inc. Piston holds clearance at all operating temperatures	11-15 74		

Issue	Page	Issue	Page	Issue	Page
Aluminum Research Laboratories Machining specimens' effects on tensile tests of aluminum alloys (abstract)	7-15 92	Bear Mfg. Co. Toe-change indicator	9-1 64	Clark Equipment Co. Fork truck, 10,000 lb. Yardlift-100 Fork truck, stand-up, narrow aisles, Stoway Industrial truck, Utilitru-	12-15 58 12-1 76 10-1 78
Alvey-Ferguson Co. Bushing machine, rocker arm	9-1 61	Behr-Manning Corp. Abrasives, coated, wide sheets, Curtin-Herbert Micro-Grinder	12-15 60	Clayton Mfg. Co. Chassis dynamometer, car Model C-49, and truck	7-15 64
American Bosch Corp. Ignition system, natural gas engines, Type MGC	11-15 98	Bell Aircraft Corp. Tapering aircraft skins	9-15 74	Cleveland Diesel Engine Div., GM Corp. Development of a 16-cylinder, vertical, radial Diesel engine (abstract)	7-1 39
American Broach & Machine Co. Broaching machine, pull-down	12-15 56	Bellows Co. Index table, rotary, air-powered, HEET-2H	10-1 78	Cleveland Punch & Shear Works Co. Toggle press, double-action	11-1 78
American Chain & Cable Co., Manley Div. Power drive, electric, cranes, PD-3	12-15 164	Bethlehem Steel Co. Reproducibility of impact test results (abstract)	7-15 99	Colonial Broach Co. Transfer press, valve guide assembly	11-1 77
American Cyanamid Co. Oil additive, Aerolube 51	7-1 119	Bingham-Herbrand Corp., Herbrand Div. Screwdrivers	12-1 150	Consolidated Engineering Corp. Pressure transducer, Type 4-310 "Star"	12-1 84
American Electromer Corp. Test set, omni range, Model AEC-200	11-1 84	Bishman Mfg. Co. Truck tire remover, Model 860-C	9-1 124	Consolidated Vultee Aircraft Corp. R3V flying boat	11-1 88
American Hard Rubber Co. Speller pump, flexible neoprene, Ace Jabsco	8-1 61	Black Mfg. Co. Paint gun, light, touch up, Model B-10300	10-1 120	Continental-Diamond Fibre Co. Laminated sheet material, Dilecto GM-1	9-1 118
American Machine & Metals, Inc. Testing machine, impact, Riehle Model PI-2	10-15 58	Borg-Warner Corp., Detroit Gear Div. Statistical quality control	12-15 38	Continental Motors Corp. Engines feature more power and improved ignition	10-15 76
American Mollerizing Corp. Aluminum coating of metals by Mollerizing process	11-15 39	Borg-Warner Corp., Warner Gear Div. Vacuum testing automatic transmission cases	7-15 37	Continental Tooling Service, Inc. Test unit, "O" ring	10-15 148
American Pullmax Co., Inc. Flame cutter, portable, hand-operated, Cadet Sheet and plate working machine, Model P-3	7-1 60 11-1 76	Bristol Aeroplane Co., Ltd., (England) Jet delivers thrust of 9750 lb.	8-1 33	C.oss Co. Tank parts machine tool Tank suspension parts machining unit	7-15 57 9-1 60
American Welding & Mfg. Co. Flash welding of titanium (abstract)	8-15 39	Bristol Aeroplane Co. (England) Proteus propeller turbine engine	7-15 38	Transfer machine, axle housings, Transfer-matic Transfer machine, tractor engine Transfer machine, V-8 cylinder blocks	11-1 75 10-1 75 8-1 60
American Wheelabrator & Equipment Corp. Blasting cabinet, airless, Wheelapening Blasting machine, wet, Model 64 Liquamate	10-15 138 11-15 62	Bristol Co. Inverter, Synchronous, Syncroverter	10-15 68	Curtis Machine Div., Lincoln Park Ind., Inc. Grinding and polishing machine, Model 600	10-15 57
Anco Instrument Div., American Name Plate & Mfg. Co. Noise detector, electronic, Elec-Detect	11-1 80	Brush Development Co. Welding analyzer, direct writing, Model BL-213	11-1 78	Curtis Mfg. Co., Pneumatic Machinery Div. Air compressor, air-cooled, Model 98	12-1 78
Anderson Co. Windshield wiper control instrument, Anco AVR	8-1 64	Budd Co., The Quality control in body plant	8-1 74	Cuyahoga Industries Die-casting machine, cold chamber	8-15 56
AP Parts Corp. Tail pipe hanger, PB3	10-1 120	Buhr Machine Tool Co. Drilling, tapping machines, turbojets Jet engine machines	11-15 57 8-1 59	D	
Arco Machine & Tool Co. Creep testing machine	7-15 58	Buick Motor Div., GM Corp. Handling setup for Buick hoods	8-1 48	Daco Machine & Tool Co. Air conditioning system	11-1 84
Armstrong Cork Co. Fiber gasketing materials, Accopac	9-1 59	Cadillac Motor Car Div., GM Corp. Creations of 30 years	10-1 62	Dagnum Works (England) Tractor engine convertible for different fuels	8-1 54
Armstrong Products Co. Adhesive, high strength-compound, A-6	7-15 68	Cannon Electric Co. Connectors, miniature, "D" Series	11-15 210	Dagile-Gaboury, Inc. Conveyor, materials handling	8-1 58
Aronson Machine Co. Positioner, Model HTS12	10-15 132	Carborundum Co. Fibre, heat-resistant Tapering aircraft skins	9-1 122 9-15 74	Dale Hydraulic Controls, Inc. Governor, hydraulic, Diesel engine	12-1 80
Arrow-Hart & Hegman Electric Co. Wiring device, interlocking, Hart-Lock	11-15 206	Caterpillar Tractor Co. Engine developments in commercial vehicles Hydraulic presses at Joliet plant Materials handling problem in making earthmoving equipment	10-15 38 8-15 33 8-1 34	Danly Machine Specialties, Inc. Press, straight side, 450 ton double action	10-1 79
Arvin Industries, Inc. Electro-spray process	9-1 74	Caterpillar Tractor Co., Heat Treating Div. Pit type carburizing furnace	12-15 46	Dayton Rogers Mfg. Co. Die cushions	8-1 59
Associated Transport, Inc. Tractor-trailer design requirements	9-15 47	Central States Paper & Bag Co. Windshield protector, plastic	11-15 206	Delco-Ray Div., GM Corp. Why 12 volts?	11-1 56
Austin Motor Co. (England) Offers four-wheel drive vehicles	11-1 59	Chambersburg Engineering Co. Impacting method for forging	12-1 90	Del Mar Engineering Laboratories Honeycomb panels in military trailers (abstract)	8-1 50
Auto Lamp Mfg. Co. Mirrors, truck, heavy-duty	12-1 148	Chemical Construction Corp. Metals from ore concentrates	7-15 53	Denison Engineering Co. Valves, damping, hydraulic surge	11-15 98
Avey Drilling Machine Co. Transfer machine, crankshafts	10-1 78	Chicago Rivet & Machine Co. Riveting machine, dial, Model 4012	10-15 126	De Sanno & Son, A. P., Inc. Cut-off machine, abrasive, Radial, Type J	10-15 152
B		Chrysler Corp. Oil system for engine and torque converter Tank production at Chrysler Plant Truck panels made in plastic dies Truck trailers haul airplane hulls	8-15 46 12-15 34 9-15 40 12-1 94	Detrex Corp. Cleanser, phosphating, Detrex 61 Degreaser, semi-portable, Model VS Jr.	8-1 61 12-15 58
Baldwin-Lima-Hamilton Testing machine, universal, Model PUT, Baldwin-Smyth HS-4	10-1 77	Chrysler Corp., Tank Engine Div. Patton 48 tank features V-12 tank engine production	8-1 74 12-15 50	Detroit Automotive Products Corp. Nodup overrunning clutch	12-1 82
Bardons & Oliver, Inc. Cutoff lathes, automatic, Models 33 & 34	11-1 77	Cincinnati Shaper Co. Squaring shear, aircraft production	9-1 63	Detroit Stamping Co. Toggle clamps, welding fixture, De-Sta-Co	7-1 62
Barnes Drill Co. Drilling machine, synchro-torque drive	9-1 63			DeVilbiss Co. Air transformer, Model HLD Drying ovens and panels, Infer-red	10-1 76 12-15 164

AUTOMOTIVE INDUSTRIES--INDEX

July 1, to December 15, 1952

Issue	Page	Issue	Page	Issue	Page
Dietz, R. E., Co. Direction signals, slide	11-15 202	F. A. E. (Italy) New Italian vehicles	7-1 56	Globe Industries, Inc.-Continued Panel vibrator	8-15 68
DI Machine Corp. Stamping press, automatic, Diebel DI-Matic	7-15 62	Pansteel Metallurgical Corp. Contact disk, tungsten	9-15 102	Switch, motorized	8-1 68
Diversified Metal Products Co. Grinding machine, Diversimatic No. 1-K	10-15 134	Paever, J. M., Co. Check bench, brake light switches	7-15 56	GMC Truck & Coach Div., GM Corp. Bus air suspension system	10-15 47
Dison Research, Inc. Coil grab, adjustable, cranes	9-15 60	Federal Foundry Supply Co. Core blowing machine, the Pulsator San-Bio	8-15 58	GM Laboratories, Inc. Motors, small servo	8-15 68
Duell Co. Eclipse Fuel Engineering Co. Reverberatory furnace	10-15 56	Free Action Fountain Brush Mfg. Co. Brush, car washing	11-15 205	Hahn Motors, Inc. New development in axle suspension (abstract)	7-1 42
Eiggins, E. B., Oil Tool Co. Coupling, corrosive liquids	7-1 68	Frumhauf Trailer Co. Trailer coupler, 34 in. cast steel	8-15 64	Hamilton Standard Div., United Aircraft Corp. Pump, high-speed	7-1 68
Ektrom, Carlson & Co. Horn router, EXCO No. 434H Router, single radial arm, power operated	10-1 74 12-1 77	Fuller Mfg. Co. Torque converter Transmission for advanced torque converters	9-15 54 10-1 60	Hamilton Tool Co. Gear hobber, No. 1	7-15 58
Elastic Stop Nut Corp. of America Anchor nut, floating, redesigned, A-41 Nuts, miniature	9-15 68 12-15 68	G		Handy & Harman Brazing alloy, silver, carbides, etc. Copper-silver alloy	7-15 58 7-1 119
Electrical Products Corp. Relay, sealed, No. AS2-111	10-1 84	Gar Wood Industries, Inc. Weldments reduce scrap losses	8-1 56	Hartwell Aviation Supply Co. Latch, push-button, No. H-4100	11-15 68
Electric Auto-Lite Co. Spark plug, resistor	12-1 142	Gaylord Container Corp. Shipping containers, Drumpak	11-1 144	Heald Machine Co. Boring machine, piston pin holes, Model 355 Bore-Matic Boring machine, three-station, vertical spindle, Model 243 Bore-Matic	9-15 62 9-1 61
Electric Storage Battery Co. Automobile batteries (abstract)	7-1 40	General Electric Co. Calorimeter for arc energy measurement Chrome carbides Paint remover	10-1 65 8-15 56 11-1 144	Heath Engineering Co. Torch guiding machine, Ultra-Graph	10-15 154
Electric Storage Battery Co., Automotive Replacement Sales Div. Batteries, six-v & 12-v, heavy-duty, Line XF	12-1 80	General Electric Co., Lamp Div. Lamps for 12-volt electrical systems	11-15 102	Hercules Steel Products Corp. Cinder spreader	12-15 94
Eliase Engineering Div., American Steel Foundries Descaling cabinet, automatic Drawing and forming press	11-15 60 10-1 77	General Metal Products Corp. Brake fluid indicator, Ever-Safe	12-15 64	Hetherington, Inc. Light, indicator, Type L2000 Light switches, Types J100 & R1000	10-1 84 11-1 84
Eltson, Rue R., Co. Heaters, cargo, portable, Models X-500 & X-600	11-1 80	General Motors Corp., AC Spark Plug Div. Spark plug cleaner, Model A	12-1 148	Hispano-Suiza Co. (France) Jet engine (A-300 H. S.) performs well in tests	7-1 54
Empire Products, Cam-Lock Div. Electrode holder, Cam-Lock	10-15 138	General Motors Corp., Research Laboratories Div. Engine-transmission relationship for higher efficiency (abstract) Fuel savings with ideal engine- transmission (abstract)	7-1 41 8-1 42	Hotchkiss Automobile Co. (France) Light alloy engine	8-15 48
Evans Products Co. Foot cooler, truck cab	9-15 64	Genisco, Inc. G-accelerator, Model C	12-15 68	Houghton, E. F., & Co. Carbonizer, liquid, Perlton 396	10-15 60
Ex-Cell-O-Corp. Contouring machine, vertical, precision, Style 428-A Jet engine blades from rough forgings Thread grinding machine, precision, Style 36 Tool grinder, precision, Style 44-A	12-1 78 10-15 44 8-1 63 12-15 57	Gita Bros. Mfg. Co. Vacuum tester, versatile	10-1 80	Huck Mfg. Co. Angle adapter, blind riveting Blind fasteners, heat-treated alloy steel	7-1 60 8-1 64
F		Globe Industries, Inc. Generator, d-c, miniature	12-1 80	Hufford Machine Works, Inc. Metal forming bulldozer, Model 88 Straightening press, hydraulic, Model 85	8-15 60 8-1 60
Pageol Products Co. Aluminum engine for military use	9-1 45			Hunt, C. R., & Son, Inc. Diaphragm valve	8-1 68
Pairfield Mfg. Co. New gear plant	7-1 50				

Issue	Page	Issue	Page	Issue	Page
Hunter Engineering Co. Wheel balancing equipment	8-1 64	Lockheed Aircraft Corp. Subcontracting program	10-1 90	Nash Motors Div., Nash-Kelvinator Corp. - Continued Welding at body plant	8-15 50
Hunter Mfg. Co. Heater, gasoline, Model 1347	11-15 212	Lock-On Brake Lining Corp. Brake lining, factory-bonded, replacement, Lock-On	8-15 64	National Branch & Machine Co. Gear rolling fixture, Red Ring	7-15 36
Hydraulic Press Mfg. Co. Heading presses, cartridge case	10-15 82	Longren Aircraft Co. Stretch-flattening machine	8-15 62	National Lift Co. Hoist, seven ton, farm truck body	10-15 64
Hydro-Aire, Inc. Switch, pressure, bourdon tube type Valve, motor operated	7-1 68 9-1 68	Lufkin Foundry & Machine Co. Gears of ductile iron tested (abstract)	7-1 37	National Motor Bearing Co. Seals, oil-resistant	12-1 84
I		M		New Britain Machine Co., Cir-Cut Div. Cut-off tool, circular	12-1 76
Industrial Filtration Co. Filter, industrial endless belt coolant, Delpark	9-15 58	Magnaflux Corp. Test instrument, PE-200 Magnatest	10-15 57	Nicholas Equipment Co. Mirror polisher	10-15 132
Industrial Research, Inc. Caps, automobile battery	7-15 64	Mallory, P. R. & Co., Inc. Holders and electrodes, heavy-duty, Nu-Twist	9-15 60	North American Aviation, Inc. Atomic energy reactor	10-1 53
Ingersoll-Rand Multiple nut runner	7-15 62	Manufacturers Engineering & Equipment Corp. Color measurement instrument	8-15 57	North American Phillips Co., Inc. Fluorescence analysis unit, Norelcon	10-15 60
Inland Mfg. Co. Cleaning tank, radiator, Model J-1 Radiator flow testing machine	12-1 146 9-1 64	Maromont Automotive Products, Inc. Muffler, four-ply, asbestos-wrapped	11-15 64	Northrop Aircraft, Inc. Materials required for high speed planes Plastic foam in airplane control surfaces Wireless wind tunnel	9-15 42 12-1 92 8-1 47
International Harvester Co. Forming and drawing stampings for crawler tractor Piston grinder for tapered ellipses Unifies engineering facilities	10-1 70 10-1 72 12-15 48	Market Forge Co. Conveyor, heavy-duty, Load-Veyor	7-15 62	Norton Co. Grinder, cylinder, plain or semi-automatic, Type C-2 Lapping machine, flat, single face	10-1 76 11-1 79
Ipsen Industries, Inc. Bright tempering and controlled oxidation unit, D-300	9-15 56	Martin, Glenn L., Co. Stretch press for Canberra production	10-15 52	O	
J		Matthews, Jas. H., & Co. Marking machine, Series 204	7-15 60	Oakite Products, Inc. Aluminum etchant, Composition No. 60 Etchant, aluminum, Composition No. 60	10-15 56 9-1 62
Jacobson Aircraft Engine Co. High speed helicopter	7-15 42	McCroskey Tool Corp. Milling cutters, Universal Line	8-1 59	Officina Meccaniche (Italy) Italian truck with eight-speed transmission New Italian vehicles	11-1 72 7-1 56
James-Pond-Clark Check valves, 398A-47Y	9-1 68	Michigan Tool Corp. Gear shapers, versatile, Series 1800 Hob, wire lead checker, Sine-Line Model 870	12-1 75 11-15 57	Ohio Electric Mfg. Co. Road sweeping magnets	7-1 64
John Bean Div., Food Machinery and Chemical Corp. Tire de-skidding equipment	7-1 64	Miller Electric Mfg. Co. Welding machine, SR-100	10-15 142	Oldsmobile Div., GM Corp. Using automotive methods to produce cannon components	7-15 32
L		Miller Motor Co. Hydraulic cylinder, long stroke	8-1 58	Onas, D. W., & Sons, Inc. Generating plant, electric, Model 305X	12-1 80
Lake Erie Engineering Corp. Straightening presses, travelling-head	8-1 63	Millholland, W. K., Machinery Co. Boring unit, automatic, 3B	12-15 62	O'Neill-Irwin Mfg. Co. Bending machine, Di Acro bender No. 4	10-15 60
Landis Machine Co. Die head, self-opening Grinding attachment, chasers, No. 20 Piston grinder for tapered ellipses	7-1 60 9-15 36 10-1 72	Minneapolis-Honeywell Regulator Co., Inc. Switch, weather-proof, Micro-Switch	8-15 58 10-1 84	Orban, Kurt Co., Inc. Planer, double-column, versatile, large workpieces, Wagner	12-15 57
Landis Tool Co. Grinder, semi-automatic, jet blade surfaces	10-1 74	Minneapolis-Honeywell Regulator Co., Aeronautical Div. Vibrators, synchronous, Models WG178A & WG178B	12-1 84	P	
Lapointe Machine Tool Co. Broaching machine, horizontal, high-speed	12-1 74	Minneapolis-Honeywell Regulator Co., Micro Switch Div. Switches, toggle, small, Micro Switch	10-15 68	Pacific Car & Foundry Co. Amphibious vehicle has one engine per wheel	12-15 54
Leake Stamping Co. Door latch rotor stamped	11-15 78	Minnesota Mining and Mfg. Co. Polishing belt, cork surface, 3M Wetordry	9-1 62	Packard Motor Car Co. General purpose machines for Diesels Marine Diesel engines Packard-designed power steering	9-15 52 9-1 40 12-1 50
Leair Inc., Komec Div. Fuel pump, heater, Model RG-9540 Pressurizing kit Pressurizing kit	10-15 68 7-15 68 10-1 84	Modern Industrial Engineering Co. Chamfering machines, high-speed, zero gears, Model HM-2055 Drilling and tapping machine, jet engines Drilling, boring and facing machine, four-way Testing machine, pressure	8-15 57 12-1 79 10-1 75 11-15 60	Pangborn Corp. Abrasive cleaning barrel, airless, Rotoblast Type GN	7-1 63
Ledote Products Tailpipe extension, stainless steel	8-15 68	Morey Machinery Co., Inc. Milling, profiling machine, aircraft forgings and castings, No. 40N Aeroform	11-15 62	Parker Rust Proof Co. Iron and steel finish, Parco Black	9-1 124
Lee Electronic Labs., Inc. Circuit tester, portable, automobile	9-15 64	Morris Machine Tool Co. Piston balancing machine, automatic	11-1 79	Pennsylvania Salt Mfg. Co. Cleaner, emulsion, high flash point, EC-54	12-15 60
Lewis Machine Co. Heating unit, electronic high-frequency, Model 1500	7-1 62	Notch & Merryweather Machinery Co. Stock feed attachment, automatic Turning and boring machine, vertical, jet engines	7-1 61 9-15 57	Pontiac Motor Div., GM Corp. Making medium caliber cannon in new plant	7-1 33
Lincoln Electric Co. Welding machines	10-15 56	Motor Generator Corp. Ground power unit, Model 871	9-1 68	Portage "Double Quick" Tool Co. Tool holder, quick change	9-15 62
Lincoln-Mercury Div., Ford Motor Co. Lincoln improvements for 1953	12-1 65	Murray-Way Corp. Polishing head, jet parts	11-15 56	Porter Precision Products Drill fixture, Por-Matic	10-15 150
Lindberg Engineering Co. Control, automatic, furnace atmospheres, Carbottrol Induction heating unit, high frequency, Model LI-50A-1	12-15 58 11-1 76	Muskegon Piston Ring Co. Engineering piston ring expanders (abstract)	7-1 43	Power Products Corp. Two-stroke engines	10-1 60
Linde Air Products Co. Soldering set, automobile body, Presto-G-Lite Tungsten carbide, flame plated	11-15 205 10-15 57	N		Pratt & Whitney Div., Miles-Bonnet-Pond Co. Jig borer, small size, No. 1E Turbine blade airfoil grinder, automatic	8-1 62 7-1 59
Littelfuse, Inc. Fuse posts, acid-sealed	9-15 68	Nash Motors Div., Nash-Kelvinator Corp. Nash's half century	8-1 38	Precision Products Co. Vises, machine	10-15 140
Littell, F. J., Machine Co. Centering reels, automatic, heavy duty	11-1 78				

July 1, to December 15, 1952

AUTOMOTIVE INDUSTRIES--INDEX

July 1, to December 15, 1952

Y	Issue	Page
Yale & Towne Mfg. Co.		
Clamp, hydraulic, small lift truck	11-15	60
Drum-handling attachment, horizontal	7-15	57
Handling attachment, fork trucks, Marvel Lift-O-Matic	11-1	76
Yankee Metal Products Co.		
License plate lamp, two-way	8-15	64
Z		
Zahnradfabrik (Germany)		
Differential has automatic locking	11-15	74
Zim Mfg. Co.		
Valve lifter and spring compressor	9-15	105
